Questions:

1. How often do you travel?
 - a. Not that often. I travel probably once a year and I have never left the country.
 - b. Potential Follow Up: If you don't travel often, why not?
 - i. Traveling cheap is not always easy due to getting your car fixed/gas, buying plane tickets, etc. Even if one were to sacrifice luxuries there is still a need to buy food and materials.
2. Do you mostly travel for business purposes or vacations? If there is another reason, please describe what it is and why?
 - a. Vacations! They are usually short term such as weekend trips to states that are nearby. If I am able to, a longer trip would usually be around two weeks with a lot of sacrifice.
3. What part of traveling is most stressful for you?
 - a. Planning the route and budgeting are the most stressful parts of traveling.
4. What would make traveling easier for you?
 - a. Traveling would be easier if there was a way to plan routes with multiple stops. It would be easier if there was also a way to budget traveling in terms of gas, food, tickets, events, etc. In terms of traveling abroad, having a collection of information on work visas and how to apply for them depending on the country.
5. On a scale of 1 - 10, how important is it to you to be able to search for flights, hotels, and rental cars by price?
 - a. 8
 - b. Potential Follow Up: Can you expand on why?
 - i. As a person who prefers to camp and save money, I don't always depend on hotels because I am able to find free campsites and blm to stay at. I haven't flown in a very long time, but I do look at flights frequently to see if I am able to afford the tickets.

 - a. I have not heard of TravelGavel!

7. Are there any other features you would like to see in the app we have not planned to include?
