Questions:

1. How often do you travel?

Not very often, maybe 2-3 times a year.

- a. Follow Up: If you don't travel often, why not?

Travelling is expensive. I would travel more often if money was less of a factor.

2. Do you mostly travel for business purposes or vacations? If there is another reason, please describe what it is and why?

Vacation purposes, mostly. I like exploring new places and cultures.

3. What part of traveling is most stressful for you?

Organization of everything I need is very stressful. Planning and getting everything together is a lot of work and can be overwhelming.

4. What would make traveling easier for you?

Money and planning issues are my biggest obstacles to travel, so just solutions to those problems would be helpful.

5. How important is it to you to be able to search for flights, hotels, and rental cars by price?

It is very important to me. I need to be able to find the cheapest options to be able to travel.

6. Would you use TravelGavel, and why?

Moderately likely, since having everything in one place is convenient.

7. Are there any other features you would like to see in the app we have not planned to include?

I would like to see public transportation options to be able to have cheap and environmentally friendly options.
