Questions:

1. How often do you travel?

Maybe twice a year.

- a. Follow Up: If you don't travel often, why not?

Money is an issue. I would travel if I did not have to worry about the money aspect of traveling.

2. Do you mostly travel for business purposes or vacations? If there is another reason, please describe what it is and why?

I mostly travel to go hiking and backpacking.

3. What part of traveling is most stressful for you?

Airports are kind of stressful, but not so much that they feel like an obstacle to traveling.

4. What would make traveling easier for you?

Pretty easy at the moment, just don't have the money to do so.

5. How important is it to you to be able to search for flights, hotels, and rental cars by price?

It's not super important, since it's pretty easy to find what I need through google search.

6. Would you use TravelGavel, and why?

Likely, just to see what's near. Less likely to use itinerary, likes to go with the flow.

7. Are there any other features you would like to see in the app we have not planned to include?

Hostels specifically, there are networks of hostels that I would like access to.
